Alexandria. Va., August 22.—A petition is being prepared by the attorneys on behalf of the city in the city's appeal in the annexation suit to be presented to the State Court of Appeals at its September term, which will be held in Staunton.

The record in the case embraces 1,400 typewritten pages, and there is also a number of plats, together with considerable documentary evidence. On January 18 last, Judge B. T. Gordon, of Nelson County, who presided at the trial of the annexation suit of the city, whereby Alexandria desires to take in a part of Alexandria and Fairfax Counties, handed down an opinion adverse to the city, dismissing the suit.

Concluding his opinion, he said: "I am of the opinion that the evidence fails to show the necessity for or expediency of annexation at this time, and, therefore, the petition must be dismissed."

This case occupied two weeks of the court's, time, being concluded November 14, 1912. During that time 108 witnesses were heard.

The will of James H. Collins was admitted to probate in the Corporation Court to-day. The testator named William H. Hunter and James G. Graham as executors, and they qualified as such. He bequeaths his estate to relatives.
